EXPERIENCE

Solutions Architect Nectech

02/2018 – Present

Bhubaneswar, India

Nectech is a startup focusing on providing cost effective solutions to SMEs on Amazon cloud.

Achievements/Tasks

- First task I was assigned was to migrate SQL server on-premises to AWS Aurora for one of the clients. Also built a webservice using PHP Slim and JWT to sync data between local and server. Now focusing on changing applications to serverless. Implemented Scrum, CI/CD within my team.

Project Manager Suyog Computech Pvt Ltd

09/2014 – 01/2018

Bhubaneswar, India

Leading e-commerce multi-channel solution provider

Achievements/Tasks

- Acted as Project Manager and Lead Developer for all the projects. Worked closely with the VP and Delivery Manager to develop project strategies and estimate timelines. Research on various platforms, training a team of developers and was the single point of contact for all customers. This is where I was able to build my leadership skills.

Team Lead Suyog Computech Pvt Ltd

06/2010 – 08/2014

Bhubaneswar, India

Leading e-commerce multi-channel solution provider

Achievements/Tasks

- Led a cross functional team of 8 in building a multi channel application mucheco. Worked closely with the product owner to understand the requirements, creating flow diagrams, mock-ups and coordinating with the team. Implemented Svn for continuous integration. Learned CakePHP, jQuery, jQuery plugins and AWS ec2 during this period. Mastered all kind of eBay, Amazon and similar kind of web services.
